## NEVADA STATE JOURNAL

C. C. FOWNING, Editor and Proprietor

## A BILL THAT SHOULD PASS.

The views expressed in Thursday's Journal concerning the bill prohibiting aliens from acquiring title to land in the United States, are reflected, perhaps, more fully, in the following from the San Francisco Post:

"The bill introduced in the House the other day by Representative Oates from the Judiciary Committee to prohibit aliens from acquiring title to land in the United States, is aimed at an evil which should long ago have been met by Congress and the Legislatures of the several states. How great estates have been bought and stolen in the territories by foreign persons and corporations is an old story. Mr. Oates' report states that European noblemen, principally English, own about 21,000,000 acres in this country, to say nothing of the holdings of untitled aliens. Bonds covering 100,000,000 acres of railroad lands are owned abroad. It is evident that we are permitting to be built up in the republic a system of absentee landlordism identical with that under which Ireland has suffered, and on a scale so gigantic that the modern world has seen nothing approaching it. The bill of last session similar to the Oat's measure which was allowed finally to sleep away its life in committee, made the country familiar with some of the instances cited by Mr. Oates, notably that of our Mr. Scully, who, although he lives in England and is a British subject, has an estate of 90,000 acres in Illinois the tenants on which pay him a yearly rent of \$20,000, and that of the Schulzeys, also British subjects, whose 2,000 acres within the limits of Pittsburg and Allegheny yield them annually about \$100,000.

"There can be only one opinion about the necessity of making impossible the extension of this system. None but the citizens of a country should be permitted to own its land, for the ownership of the soil makes those who have it the masters of those who must use it."

The Record-Union objects to "electrocuted" as a word that has no root, sense or meaning. A New York paper had the temerity to propose "shookerted" and various other alphabetical combinations have been suggested to signify the new method of putting a criminal to death. With considerable trepidation and misgiving the JOURNAL would modestly state, that the Supreme Court, of New York, having dismissed the writ of habeas corpus in the case of Kemler, the murderer has been remanded to the custody of the Warden of the Auburn Jail where he is dynamited in accordance with his previous sentence.

Those who witnessed the little bout between Stewart and Rangan in the marble room of the Capitol building, say that they both struck attitudes which would have been creditable to either Sullivan or Jackson. If the California Athletic Club could arrange for a match between the two vet ran Senatorial gladiators, the pool-selling privilege would be worth more than the Alaska seal fishery and all of the star mail routes in the country combined.

The census enumerators should have been instructed to inquire of all adults whether they pronounced either or either. It would be more sensible than half of the questions propounded, and the figures would have furnished excellent statistical reform as to the class of mental deterioration, which superinduces the aping of foreign manners, dress, style and pronunciation.

The difference between the bullion redemption clause in the McKinley, and the silver certificates, good for public uses only, proposition in the Senate Finance Committee bill, is, that under the former, bullion wouldn't be worth redeeming, and under the latter, the Government could never purchase any to either coin or be redeemed.

The Tuscarora Times-Review has entered upon its twenty-fourth volume. It is a faithful representative of the local interests of its section; independent in its utterances upon the questions of the times, and generally correct and consistent in its comments upon them.

Although seemingly choleric and severe, Bismark's assertion that the workmen will never be contented, is nevertheless true. The rich are never contented, then how could contentment be expected in the poor. Bismark was right. Discontent rules the world.

The bullion redemption proposition of the goldites is as generous as the miserly parent who gave his little boy five cents to go to bed without his supper, and then, after the robin was asleep, crept up stairs and stole the nickel.

Instead of arresting people for not answering some of the census questions, the Sacramento Bee thinks the Government of the United States should exile Porter for having been such an idiot as to submit them.

## Bank Failure.

TACOMA, Washington, June 14.—The First Bank of Blaine, Washington, owned by Condon Cornish & Co., has suspended. The principal indebtedness is in Seattle, Portland and San Francisco. Liabilities, assets or particulars are not known here. It was a private bank.

## "PRINCIPLES AND POLITICS."

The Silver State is evidently worried over the resolutions of the Republican State Committee, which were telegraphed to our Representatives at Washington, requesting them to stand firm by silver in preference to any other issue now under consideration by Congress. It fears that, "with the tariff bill shelved and the silver bill killed, neither the wool growers nor silver producers can be expected to remain with the Republican party." If the first two calamities were to occur, doubtless the Silver State's sorrow for the wool growers and silver producers would be submerged in the intensity of its grief over the disastrous effect it would entail when the party for whose welfare it manifests such sudden and remarkable sympathy and interest. But our Winemucca contemporary can calm its fears. Neither the tariff nor the silver interests will be neglected nor sacrificed by the Republican representatives from the silver producing states, nor was there any such intimation or request conveyed in the resolutions adopted by the State Committee. They only recommended that the tariff matter should be held in abeyance until the success of the silver measure should be assured. In other words, that one plank in the Republican platform should be made to support the other so that the stability of the entire structure should be maintained. This is not only good politics but most excellent principle. There has been a disposition manifested by a portion of the party in Congress to repudiate or ignore the silver plank, and it is legitimate and proper that the most effective and available means should be adopted for holding them to all of the principles "enumerated in the platform, instead of a portion of them. The party is as fully pledged to silver as to the tariff, and they should both be made to stand or fall together. Where in this, the "abandonment of principle" comes in, we opine it would be difficult for anyone except the over zealous and excessively sensitive editor of the Silver State to discern. Our Winemucca friend also gives the JOURNAL a little lecture on the side, and wonders that it cannot understand that what would be eminently proper and commendable in a private citizen like Mr. Newlands becomes the grossest impropriety in the State Central Committee. The wonderment will have to continue, because, for the life of us we cannot discover, in this matter, the shadow of wrong in either. Mr. Newlands is a Republican and private citizen and shares the opinion with all other Republicans and private citizens in Nevada that their party in Congress is bound by its pledges to the bi-metallic side of the coinage question. He believes, with all other Nevada Republicans, that these pledges should be fulfilled, not a part, but all of them, and that the importance of the issue to the people of the State justifies the adoption of any means however radical, if not dishonorable, to hold the party to its pledge in this respect. Such being the feeling and opinion of the entire party in Nevada, the proper source of its manifestation and expression is the head of the organization—its State Committee. The committee only voiced the feeling of the party it represents, and all of the hair-splitting and quibbling of opposition journals will not convince any intelligent person that they have exceeded their duty or power, or that they have advocated any abandonment of principle in their resolutions.

## Terrible Thunder Storm.

Special to the JOURNAL.  
Paris, Ky., June 14.—A terrific lightning thunder storm passed over the northern part of this county yesterday afternoon. Two of a fishing party were killed and two others badly injured. When the storm came up they took shelter under a cattle trough and the lightning struck it with result above.

## Shipwreck and Loss of Life.

Special to the JOURNAL.  
SAN FRANCISCO, June 14.—Mail advices from Valparaiso state that a small boat containing ten survivors of the ill-fated steamer Gulf of Aden which foundered off Tremonetes peninsula during the storm of March 12th arrived at Onellon March 25th, after fourteen days of peril and hardship. The steamer was bound from Greenock to Valparaiso with a cargo of heavy water mains. It is supposed that during the storm some of them got loose and stove a hole through the vessel's side. The passengers and crew numbered eighty persons. Five boats were lowered, but one was swamped near the steamer and the occupants drowned. Women and children and a number of the crew were in the large life boat under command of Chief Officer French. A smaller life boat commanded by Second Officer Blair contained nine persons, and the third boat held twelve. The remaining boat containing Capt. J. D. Monro, Third Officer Sargent and eight others of the vessel's crew, together with five passengers, was the one which reached Onellon, but Captain Monro, two of the ship's crew and two passengers died on the voyage from exposure and thirst. The others on reaching Onellon were frost bitten and ill, and two of them died there. It is thought that the three missing boats were lost. The Chilean steamers Angamos and Padeto were sent out to look for them and on April 2d the Angamos was totally wrecked on the rocks in Port Valenares, but the crew escaped.

## Senate Proceedings.

Special to the JOURNAL.  
WASHINGTON, June 14.—The regular course in the calendar was interrupted, and at the request of Morrill the Senate bill was taken up to establish an educational fund and to apply the proceeds from the sales of public lands and receipts from certain land grant railroad companies to the more complete endowment of colleges and for the advancement of scientific and industrial education. Morrill addressed the Senate in advocacy of the bill. At the conclusion of Morrill's remarks the bill was laid aside without final action and consideration of bills on the calendar was resumed, and several passed, among them the Senate bill to credit Major Wham, Army Paymaster, with \$28,345, Government funds of which he was robbed in Arizona in May, 1889. After the passage of 35 private pension bills the Senate adjourned.

## Eulogistic of Randall.

Special to the JOURNAL.  
WASHINGTON, June 14.—The House went into Committee of the Whole on the Sundry Civil Appropriation, and after a number of amendments had been disposed of the committee arose and the House proceeded to pay a tribute to the memory of the late Samuel J. Randall. After a number of Representatives had eulogized Randall, Randall's successor, Vaux said in part, that Randall's high rank and great fame were due to his honesty, his will power, his courage and his determination. Adjourned.

## Fresno Oil Works Burned.

Special to the JOURNAL.  
SAN FRANCISCO, June 14.—The fire at the Pacific Oil Works broke out again about four o'clock this morning and it was only after a hard fight that it was kept from spreading. One of the walls fell out and crushed in the roof of Gundlach & Co.'s wine warehouse. A number of casks of wine were destroyed and Gundlach & Co. estimates their loss at \$20,000. The fire will not be wholly extinguished for some time. Capt. White, of the Fire Patrol estimates the loss at \$100,000, but Kittle & Co. claim their loss alone will exceed that.

## Fire in the Foothills.

Special to the JOURNAL.  
FRESNO, Cal., June 14.—A fire has been burning over the foothills along and just south of the Fresno river near the Bates Postoffice. About 17,000 acres have been burned over, doing great damage to feed and timber. Houses and barns narrowly escaped destruction at one time. The fire is still burning.

## INEVITABLES.

Reno looks very beautiful now.  
Allen Bragg is getting along nicely.  
The first crop of alfalfa is being cut.  
Reno strawberries still hold the fort.  
Miss Irish returned from Oakland yesterday morning.

Judge Carler came down from Carson on last evening's train.

The Supreme Court will convene on the first Monday in July.

Tenacora is to have electric lights in its mills and principal mines.

John F. Aitken won the watch at the drawing at Hyman Frederick's last night.

Judge Fitzgerald passed through yesterday on his way to Eureka from California.

John W. Mackay passed through yesterday morning on his way to the Comstock.

Don't get left on F. Levy & Bro.'s great slaughter in dry goods. Go there and be benefited.

Services at all of the churches to-day. Sinners as well as the righteous will be welcomed at any of the several sanctuaries.

The Jingles, said to be the best colored jubilee company ever before the public, will appear at the Opera House on Monday, the 23d inst.

A delegation of the Carson bicyclists came down from Carson last evening and will spend to-day in Reno as the guests of our local wheelmen.

J. P. Dunkle was yesterday confirmed by the Senate as Register of the Land Office at Eureka. Mr. Dunkle is a relative of Hon. Thomas Wren.

Frederick Zech, an experienced and competent piano tuner, is in town, and can be found at the jewelry store of Richard Herz. See ad. in this issue.

At a meeting of the Trustees of the Reno Water, Land and Light Co., held last evening H. B. Rule was elected Secretary of the corporation, vice J. F. Emmitt, resigned.

A gentleman visiting the Journal office yesterday, remarked that he was beginning to feel about silver as the man did about his sick wife. He wished she would get well—or something.

The monthly meeting of the State Board of Trade was held yesterday. All citizens of the State were invited to notify the Board as to exhibits they will be able to make at the World's Fair in 1892, so that space can be secured.

Dr. Frederick, formerly of Virginia City, has opened dentistry rooms in the First National Bank block building. He is a graduate of the Leipzig and Berlin Dental College, and guarantees to give satisfaction in every case. See ad. in this issue.

Be sure to take in the Hastings' band picnic at Steamboat to-day. More than a bushel of enjoyment for a dollar. The fare for the round trip is only fifty cents and the same amount admits you to the dancing platform. The train leaves here at 10:20 A. M.

The editor of the Carson Tribune has just returned from Seattle. He says Charley Laughton has played himself out politically in the State of Washington. In sporting parlance, playing one's self out means getting even on the game, and Charley must have had a powerful rough political deal if he hasn't done that.

Knights of Pythias Biennial Conclave, at Milwaukee, Wis., July, 1890.

For this great occasion excursion tickets will be sold from all principal points in the United States and Canada to Milwaukee and return, via the Chicago, Milwaukee & St. Paul Railway.

As its name indicates the Chicago, Milwaukee & St. Paul railway is the direct route to Milwaukee, and as the camp ground for the Uniformed Knights (to which point cars and trains will be run through without transfer) is located directly on this line, it will be seen that the Chicago, Milwaukee & St. Paul Railway has a great advantage over other routes which are unable to furnish such facilities, and visiting Knights, their families and friends should bear this in mind when purchasing excursion tickets.

A circular giving detailed information will be mailed free upon application to W. T. Allen, Pacific Coast Passenger Agent, No. 133 Montgomery street, San Francisco, Cal. [Under Occidental Hotel.]

## Church Services.

M. E. Church.—Rev. F. Winsor will preach in the M. E. Church at 11 A. M. In the evening at 7:30 the Sacrament of Baptism will be administered, followed by the reception of probationers.

Baptist Church.—This morning at 11 A. M. Rev. T. P. Bradshaw will preach. Sunday School at 12:15 P. M. Rev. T. Magill will preach this evening.

## Living Telegraph Poles.

A Russian who recently completed a tour of inspection of the line of telegraph wires between here and Austin, says the Virginia Chronicle, reports that in a low place where the water settles in pools through the winter along the route, that he noticed six telegraph poles that had evidently taken root, as they were covered with foliage. The poles are cottonwood and were planted with bark on them.

## But Five Days More.

The Pottses, man and wife, have but five days more to live. They will pay the full penalty of the law on the gallows next Friday. The Independent gives the following brief history of their case: "Thus perishes the last and only hope for the unfortunate man and his wife who since the 28th of January, 1889, have been confined in the county jail. They were placed on trial on a charge of murder, and on the 15th day of March, 1889, the jury rendered a verdict of murder in the first degree, and on the 23d day of March, Judge Bigelow sentenced the prisoners to be hanged on the 17th day of May, 1889. An appeal was taken to the Supreme Court, which tribunal affirmed the judgment of the lower Court, and again the prisoners were sentenced to death, Friday, June 20, 1890, being the day fixed for the execution. An appeal was then made to the Board of Pardons for a commutation of the sentence to life imprisonment, but the petition was denied. As a last resort Mr. Dawley went down to Carson, as above stated, and a final appeal was made in behalf of the prisoners, but without avail, and there is now no power to avert the impending doom, and Josiah and Elizabeth Potts must suffer the extreme penalty of the law on Friday, the 20th instant, notwithstanding all the efforts that have been made in their behalf."

## "Poor Tom's a-Cold."

Tom Tennant, Census Enumerator for Carson, writes to his chief, George I. Lammon, at Virginia City, the following characteristic letter reporting progress for the preceding week:

"I am getting along finely—nicely, splendidly, gloriously—making from \$1 18 to \$1 47 per day. If July and August are good working months, and I will of cloud-bursts, cyclones and fires, and the people do not set their dogs on me, thinking I am a son of a gun of a book agent, and I do not break any more ink-

—knock heads out of my knuckles banging away at front, back and side doors, and am refused admittance because I do not wear diamonds or am not recognized as a railroad man, then I think that by the first of September, 1890, I may be able to report to you the number, age, sex, color and habitual enjoyments of the regular, settled, hereditary and loafing population of my district, with their concomitant, undesirable and incurable diseases.

"Hoping that in the next 200 years the General Government of the United States will make adequate provision for my heirs recognizable for my services in taking the eleventh census of the Capital City of the Battle-born, I am yours to command,

THOMAS J. TENNANT.

## Still Falling.

The railroad boys say the Humboldt continues to fall up in Elko county, and there is now very little probability of another freshet this season.

## Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. ## Mormon Colonists in Mexico.

SPECIAL TO THE JOURNAL.  
TUCSON, Ariz., June 14.—The emigration of Mormons from Utah into Sierra Madre has been large during the past six months. At Tucson there are seventy families, and at Corvallis and Cave Valley twenty families each. The Mexicans are giving much encouragement to Mormon colonies as they will aid in repelling the Indians.

## The Northern Pacific Route.

Persons intending to make an Eastern trip this Summer will do well to read the advertisement of the Northern Pacific Railroad in this issue of the JOURNAL. The rates are the same as those of any other line, and an opportunity is afforded to tourists to see the northern country during the most favorable season in the year. T. R. Stetler, the agent at San Francisco, is a pleasant gentleman to converse or communicate with, and is always ready to afford all of the information in his power concerning the route, accommodations and everything else connected with the line, and country through which it passes.

## Appointed Superintendent.

S. L. Jones has succeeded to the control of the Beat & Belcher mine. There will be no change in the officers or directors, except that of President, George R. Wells having resigned, and Henry Havens has been appointed as his successor.

Lieutenant Neill came down from Liegan yesterday. He is with a troop of the Fourth Cavalry which is waiting for a detachment of the Second Cavalry to proceed to Fort Bidwell in Northern California. The Lieutenant came from Arizona and has applied for the appointment of the place in the State University lately filled by Major Duat. He was appointed to West Point from this State, which should be a strong recommendation for him for the place. His parents reside at Virginia City.

## Be Sure

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

## To Get

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me to buy their own instead of Hood's; he told me their's would last longer; that I might take it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, was satisfied with it; and did not want any other.

## Hood's

When I began taking Hood's Sarsaparilla I was feeling real miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." Mrs. ELIZA A. GORE, of Terrace Street, Boston.

Primary Election

—Of the People on—

SATURDAY, AUGUST 16, 1890,

For the purpose of electing delegates to the said  
 State Convention the Primary Election to be car-  
 ried out in compliance with the laws of the State  
 and the instructions of this Committee.

The following test will be required of each and  
 every voter at the said Primary Elections:  
 "I am a citizen of this State and will support the  
 nominees of the Republican party."

The following resolutions were unani-  
 mously adopted:

Resolved, That this committee reaffirms the State  
 and National Republican platform of 1888, includ-  
 ing the declaration that "the Republican party is  
 in favor of the use of both gold and silver as  
 money" and that it "condemns all efforts to de-  
 monetize silver."  
 Resolved, That the persistent neglect of Secretary  
 Windom to increase the coinage of silver to the  
 maximum of four million dollars per month,  
 coupled with his attempt to influence Congress-  
 ional legislation so as to perpetuate silver demon-  
 etization, is a shameful violation of the silver  
 plank of the National Republican platform, an at-  
 tack upon the rights and interests of the miners,  
 farmers and workers of the land, and an act of  
 party perjury that should call for his retirement  
 from the councils of an Administration which is  
 pledged to help and not to hinder the demonetiza-  
 tion of silver.

Resolved, That the Republican party of this State  
 is in favor of free and unlimited coinage of both  
 gold and silver; that it holds to this principle as a  
 test of party faith and a test of party allegiance;  
 that it will permit of no abandonment or modifica-  
 tion of this doctrine; that let whoever will prove  
 recalcitrant to the principle of bimetalism it will re-  
 main steadfast; therefore, and that it invites all  
 voters in Nevada who favor the repeal of the in-  
 equitable and unconstitutional law of 1873 by which silver  
 was demonetized, and who desire the establish-  
 ment of free and unlimited coinage as the law of  
 the United States of America, to join in electing  
 delegates to a Republican State Convention.

 F. C. LORD, Secretary.
